Section 11: Household Roster

Section 11 collects information about the members of the respondent's household and about household history. Special attention is paid to establishing the relationships between the respondent and other household members.

		The following questions are about the people with whom you live.	**H2HR1**	num 1
4808	1	continue with household listing		
26	2	R lives alone		
		Please tell me the first names of all the people, other than you yourself, who live in your household. If someone usually lives with you, but is away for a short time, include him or her. At the end of the interview today, the names of these people will be erased from the computer. We need a list now only so we can keep track of people during the interview.

Section 12: Non-Resident Biological Mother

Section 12 is about the respondent's biological mother—her education and place of birth, and facts about the respondent's social relationship with her. It is administered only if the mother is not a member of the respondent's household.

Now I'm going to ask you questions about your biological mother who is not living with you at this time.

This section is administered if BIOMOM = "no."				
1. Do you know anything about your biological mother—the woman who gave birth to you?			**H2NM1**	num 1

Section 14: Resident Mother

Section 14 is about the woman who functions as a mother in the respondent's household; she could be the biological mother, step mother, foster mother, or adoptive mother, or perhaps a grandmother or aunt. If there is no such woman, the section is skipped. Topics include education, place of birth, employment, and presence in the household.

[Hand R showcard 16F.]

The next few questions are about {NAME}, your {MOTHER CATEGORY}. *[{NAME} is the person for whom REL = "father's wife" or "mother." If there is no such person, {NAME} is the person named in S.11,Q.10.]*

		This section is administered if RESMOM. If BIOMOM, skip Q.1-3.

Section 16: Relations with Parents

In Section 16, respondents are asked about various aspects of their relationship with their parents (or the parental figures in the household). In the unlikely event that a respondent lives alone, or in an institution, the section is skipped. Topics include rules, activities, educational aspirations, and perceived closeness of the relationship.

Let's talk about your relationship with your parents.

This section is administered if MOM and/or DAD. In the next questions, parents means {MOM AND/OR DAD NAME}. Do your parents let you make your own decisions about...

Section 17: Motivations to Engage in Risky Behaviors

Section 17 deals with potential motivations to engage in or refrain from sexual intercourse before marriage. It is administered only to respondents who have never been married.

This section is administered if MARRIED = "no."

The next questions are about how you would feel about having sexual intercourse at this time in your life. Some people have sexual intercourse before they get married. Others do not. For these questions, it doesn't matter whether you yourself have had sexual intercourse. Just indicate whether you agree or disagree with the statements.

Section 20: Friends

In Section 20, respondents are asked to identify close friends and their recent social interactions with these friends. Respondents who attend schools from which all students were selected to be interviewed are asked to identify as many as five male and five female friends. Those who attend schools from which a sample were selected to be interviewed are asked to identify only one male and one female friend. Rigorous security procedures prevent the identification of friends by researchers.

Section 21: Romantic Relationship Roster

In Section 21 the respondent identifies as many as three recent romantic relationships.

The next part of the interview is about your romantic relationships.

			Variable Name	Type/Length
1. How much would you like to have a romantic relationship in the next year?			**H2RR1**	num 1
350	1	not at all		
564	2	very little		
1800	3	somewhat

Section 22: Liked Relationship Roster

Section 22 is administered only to respondents who have not reported any romantic relationships in Section 21. It seeks to identify, by their behavior, respondents who are presently in such relationships. A "no" answer to any of questions 1-4 skips a respondent out of this section.

		Administer this section if S.21,Q.2A = "no, don't know, or refused." 1. In the last 18 months, did you ever hold hands with someone who was not a member of your family?	**H2LR1**	num 1

Section 23: Contraception—Audio CASI

Section 23 begins the self-administered portion of the interview (see page iv for a description of audio CASI). A respondent who answers "no" to question 1—that is, who has not had sexual intercourse—is skipped out of the section. For those who have had intercourse, subsequent questions relate to the use of contraception at first and most recent intercourse, and the incidence of sexually transmitted disease.

The next section of the questionnaire has been designed so that you can answer the questions yourself, rather than telling me your answers. When you get to the first question, the computer will "read" the question to you so that you can hear it through these headphones. It will also tell you what to do to enter your answer. We have made it very simple for you to use the computer. Let's take a look at how it works, by completing a couple of practice questions.

Most questions will allow you to enter only one response. You enter a response by typing the number in front of your choice, then pressing [← Enter]. If you make a mistake and want to change an answer, press the [Esc] key. Here is an example.

Have you listened to any type of music in the past week?

1 no
2 yes

Some questions allow you to select more than one response. To respond to these, all you need to do is type the number of the answer or answers that you want to choose, then press the [← Enter] twice. If you make a mistake and want to change an answer, press the [Backspace ←] or the [Esc] key. Let's try one.

Which types of music have you listened to in the past week?

1 rock
2 heavy metal
3 rap
4 rhythm and blues
5 alternative
6 did not listen to any music in the past week

Other questions will ask you to type a number into the computer. With these types of questions, if you make a mistake and want to change an answer, use the [Backspace ←] key. Here is what these questions look like.

How many hours did you listen to any type of music last week?

_____ hours

Good job. Now you are ready to start the questionnaire questions.

Some teenagers have sexual intercourse before they are married and some do not. The next questions are about the experiences you may have had and the birth control methods you've used. These questions are

Section 24: Relationship Information—Audio CASI

Section 24 collects information about each romantic relationship identified in Section 21 or 22. (If no relationships were identified, this section is skipped.) Information includes beginning and ending dates of the relationship, characteristics of the romantic relationship partner, and activities within the relationship. Security procedures prevent the identification of romantic relationship partners by researchers.

Ask the questions in this section for each person in the Romantic Relationship Roster.

Now we are going to ask you questions about the people you listed earlier as romantic relationship partners.

1. In what month [and year] did your romantic relationship with {INITIALS} begin? That is, when did you first consider {INITIALS} a special friend? If you don't remember the month, press the [F8] key for month and enter year. If you don't remember the year, press [F8] again for year. If you don't consider this person to be a romantic friend, enter "00" for both month and year. *[This is an answer option for a partner transferred from the Liked Relationship Section or for a partner entered from the Romantic Relationship Section for whom S.21,Q.4 or S.21,Q.5 or S.21,Q.6 = "no." If month = "00" and year = "yes," skip to the next partner or next section.]*			**H2RI1M_1**	num 2

IMPORTANT: See NOTE at beginning of code book.

Please look at the cards given to you earlier, and first take out all the cards that describe things that have NOT happened in your romantic relationship with {INITIALS}. Set these cards aside.

Then, look through the remaining cards, and put them in the order in which they first happened in your romantic relationship with {INITIALS}.

Whatever happened first should be the first card, the thing that happened second should be the second card, and so on. Don't worry if two things happened at the same time. Just pick one to put first, and put the other one after it.

When you have put all the cards in the proper order, press the [← Enter] key to continue.

33. Type in the numbers of the things that happened in your romantic relationship with {INITIALS}, from the cards you put in order. The first card should be 1, the second card should be 2, and so on. Press [← Enter] to leave an "R" next to the things that did NOT happen, from the cards you first set aside.

[Display list of activities with each preceded by an "R."]

Please look at the cards given to you earlier, and first take out all the cards that describe things that have NOT happened in your romantic relationship with {INITIALS}. Set these cards aside.

Then, look through the remaining cards, and put them in the order in which they first happened in your romantic relationship with {INITIALS}.

Whatever happened first should be the first card, the thing that happened second should be the second card, and so on. Don't worry if two things happened at the same time. Just pick one to put first, and put the other one after it.

When you have put all the cards in the proper order, press the [← Enter] key to continue.

33. Type in the numbers of the things that happened in your romantic relationship with {INITIALS}, from the cards you put in order. The first card should be 1, the second card should be 2, and so on. Press [← Enter] to leave an "R" next to the things that did NOT happen, from the cards you first set aside.

Questions 36-53 are asked only if the respondent has reported sexual intercourse with the romantic relationship partner. Depending on the answers to questions 37-39, one of three series of subsequent questions relating to the use of contraception is asked:
(1) questions 40-42 if intercourse has occurred only once
(2) questions 43-47 if intercourse has occurred more than once but during only one month
(3) questions 48-53 if intercourse has occurred over several months

IMPORTANT: See NOTE at beginning of code book.

Please look at the cards given to you earlier, and first take out all the cards that describe things that have NOT happened in your romantic relationship with {INITIALS}. Set these cards aside.

Then, look through the remaining cards, and put them in the order in which they first happened in your romantic relationship with {INITIALS}.

Whatever happened first should be the first card, the thing that happened second should be the second card, and so on. Don't worry if two things happened at the same time. Just pick one to put first, and put the other one after it.

When you have put all the cards in the proper order, press the [← Enter] key to continue.

33. Type in the numbers of the things that happened in your romantic relationship with {INITIALS}, from the cards you put in order. The first card should be 1, the second card should be 2, and so on. Press [← Enter] to leave an "R" next to the things that did NOT happen, from the cards you first set aside.

Please look at the cards given to you earlier, and first take out all the cards that describe things that have NOT happened in your romantic relationship with {INITIALS}. Set these cards aside.

Then, look through the remaining cards, and put them in the order in which they first happened in your romantic relationship with {INITIALS}.

Whatever happened first should be the first card, the thing that happened second should be the second card, and so on. Don't worry if two things happened at the same time. Just pick one to put first, and put the other one after it.

When you have put all the cards in the proper order, press the [← Enter] key to continue.

33. Type in the numbers of the things that happened in your romantic relationship with {INITIALS}, from the cards you put in order. The first card should be 1, the second card should be 2, and so on. Press [← Enter] to leave an "R" next to the things that did NOT happen, from the cards you first set aside.

Questions 36-53 are asked only if the respondent has reported sexual intercourse with the romantic relationship partner. Depending on the answers to questions 37-39, one of three series of subsequent questions relating to the use of contraception is asked:
(1) questions 40-42 if intercourse has occurred only once
(2) questions 43-47 if intercourse has occurred more than once but during only one month
(3) questions 48-53 if intercourse has occurred over several months

Please look at the cards given to you earlier, and first take out all the cards that describe things that have NOT happened in your romantic relationship with {INITIALS}. Set these cards aside.

Then, look through the remaining cards, and put them in the order in which they first happened in your romantic relationship with {INITIALS}.

Whatever happened first should be the first card, the thing that happened second should be the second card, and so on. Don't worry if two things happened at the same time. Just pick one to put first, and put the other one after it.

When you have put all the cards in the proper order, press the [← Enter] key to continue.

33. Type in the numbers of the things that happened in your romantic relationship with {INITIALS}, from the cards you put in order. The first card should be 1, the second card should be 2, and so on. Press [← Enter] to leave an "R" next to the things that did NOT happen, from the cards you first set aside.

Please look at the cards given to you earlier, and first take out all the cards that describe things that have NOT happened in your romantic relationship with {INITIALS}. Set these cards aside.

Then, look through the remaining cards, and put them in the order in which they first happened in your romantic relationship with {INITIALS}.

Whatever happened first should be the first card, the thing that happened second should be the second card, and so on. Don't worry if two things happened at the same time. Just pick one to put first, and put the other one after it.

When you have put all the cards in the proper order, press the [↵ Enter] key to continue.

33. Type in the numbers of the things that happened in your romantic relationship with {INITIALS}, from the cards you put in order. The first card should be 1, the second card should be 2, and so on. Press [↵ Enter] to leave an "R" next to the things that did NOT happen, from the cards you first set aside.

Section 33: Parents' Attitudes

Section 33 asks respondents who have not been married to describe their parents' attitudes about their sexual activity and use of contraception. If a respondent has not had sexual intercourse, the questions are hypothetical.

Parents often have certain feelings about their child's sexual activity. The next few questions ask how you think your parents would feel toward your sexual activity.

[Hand R showcard 18.]

Introductory text read to respondent:

The interview you are about to complete is called the Adolescent Health Study or Add Health. It is being conducted for the Carolina Population Center at the University of North Carolina by the National Opinion Research Center (NORC). This interview will produce important information about adolescent health and health behaviors today. During the interview, you will be asked about your and your parents' backgrounds; your family; your friends; your health; your behavior related to health; and, your plans for the future. Your answers will help us to understand the health and experiences of adolescents in the U.S. today.

All of your answers to the questionnaire will be held in the strictest confidence. No one will ever be able to connect your name with your answers. They will be identified solely by a unique identification number.

Your participation in this study is voluntary. You may decline to answer any question, and you may stop at any time. There are no right or wrong answers.

During one part of the interview, I will read a series of questions and possible responses and ask you to select one or more responses to each question. I will record your responses in my computer. For another part of the interview, I will give you the computer and a set of headphones to wear. A number of questions and possible responses will be read to you over the headphones. You will enter your response to each question directly into the computer. I will show you how to operate the computer. Your answers to the questions, like all the information you provide, will be completely confidential; I will never see your answers to the questions you enter directly into the computer.
